RE: Work Item Review for G&C Equipment Corporation

Dear Mr. Hale:

This letter is regarding the recent meeting your company had with Caltrans Director Malcolm Dougherty and Assistant Director René Halverson from the Office of Business Economic Opportunity.

Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Work Item Description	G&C's Role/Participation

For all other goods and services that G & C Equipment is listed for, the Contract Evaluation Unit will assess these particular work items on a contract by contract basis.

Re: Guidance on Counting and Calculating DBE Credit

Dear Ms. Smith

This letter is a response to your December 21, 2016 letter regarding the Los Angeles County Metropolitan Transportation Authority's (LACMTA) determination that G&C Equipment Corporation (G&C) meets the Disadvantaged Business Enterprise (DBE) definition of a "regular dealer" of specialty items, including pre-cast concrete decking paneling. In that letter, you ask the Federal Transit Administration (FTA) to provide an advisory opinion on that determination.

The regulations draw a distinction between DBE businesses that manufacture supplies and materials; those that regularly sell or lease equipment, supplies and materials; and those that procure supplies and materials that it does not manufacture or sell regularly. In all cases, the business must be a certified DBE. It is possible for a regular dealer to engage in digital transactions rather than having large warehouses and brick and mortar stores. Therefore, the recipient must also determine whether the firm is able to effectively supply quantities needed on the contract and to demonstrate that it regularly deals in the items or products. Otherwise, the DBE firm may simply be a broker or expeditor of the transaction and such participation on a contract is counted differently under the DBE regulation. The guidance to make this distinction is given at §26.55 (e)(2) for regular dealers and §26.55 (e)(3) for brokers or expeditors.

We have reviewed LACMTA's process and justification for the determination that G&C was a DBE regular dealer and found they relied on appropriate guidance and sought to answer the questions above. LACMTA's process and determination are consistent with the guidance at 49 C.F.R. §26.55. Please do not hesitate to contact Lynette Little, Civil Rights Officer for Region IX at [lynette.little@dot.gov](mailto:lynette.little@dot.gov) if you have any additional questions or need further clarification.

Sincerely,

Monica McCallum, Chief of Regional Operations Division, FTA Office of Civil Rights

- 2) Modification to the work may require a change in the quote.
- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 5) All teeth over one complete set will be charge to the contractor.
- 6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.

The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at [www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp](http://www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp).

- 10) This proposal to be attached and made part of any and all resulting contracts.
- 11) The above price does not include permits, fees, bonding, state or local taxes.
- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence.
- 15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
